

Go Digital with DocuSign.

The world is going digital.

19%

Want digital leadership

19% of companies will implement a chief digital officer in the future.¹

55%

Of companies digitally determined

IDC predicts by 2020 at least 55% of organizations will be digitally determined.²

\$100 trillion

In value to society

By 2025, the World Economic Forum estimates that digital transformation will contribute more than \$100 trillion in value to businesses and society.³

DocuSign increases sales efficiency, delivers a superior customer experience, and provides a path to paperless business processes.

Sell smarter

Close deals faster from almost anywhere in the world.

Delight customers

Stay ahead of the game and deliver an easy-to-use, customized signing experience for your customers.

Drive positive change

Go paperless and help your customers' business become socially responsible while driving environmental sustainability.

Customers love how DocuSign makes business processes faster and better.

Close deals faster

"DocuSign has become pervasive in our culture, enabling us to close deals in minutes instead of days."

- Terry Connell
Senior Vice President, Comcast

Gain customers' trust

It took only three weeks to integrate DocuSign's capabilities into the new loanDepot customer portal. "From the tech and developer's side, that's the best you can ask for."

- Mark Hansen
VP Business Application, loanDepot

Eliminate inefficient processes

Expedia contracted with DocuSign to provide Corporate Enterprise signature services, eliminating the labor-intensive paper contracting processes. "We were impressed from the start with how quickly and easily DocuSign helped us obtain signed contracts."

- Gene Harden
Director of Lodging, Expedia
